I'm a Full Stack Developer

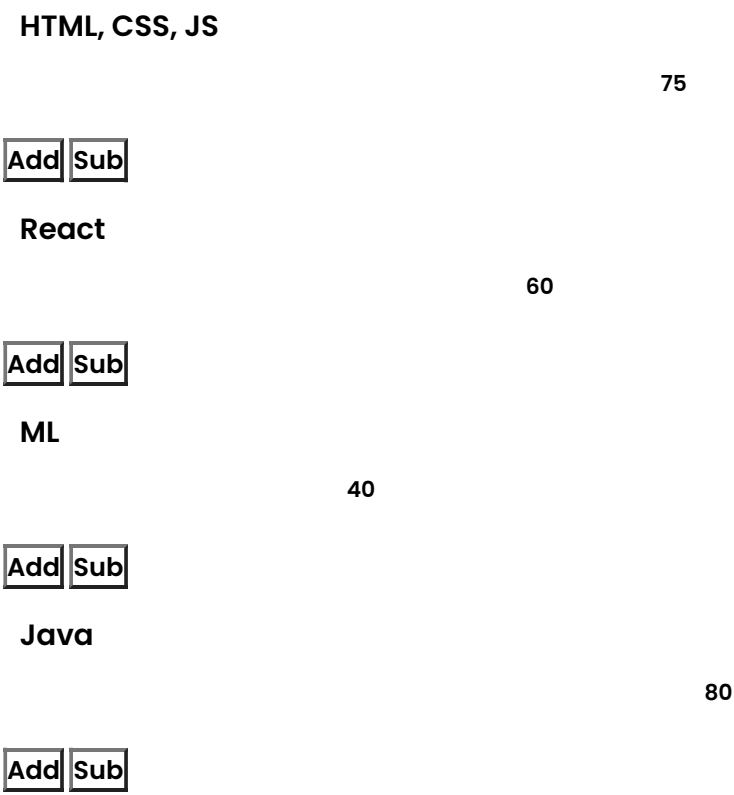

I build websites and also love to do competitive coding.

About me

Hello I'm Saurav Joshi

Well people call me “SJ.” I’m a fullstack developer, and I specialize in efficient React apps and CSS & HTML that just work across all platforms and browsers. I care deeply about building interfaces that are usable and pleasant for the most number of people possible. I have experience as I have done internships. Secondly I love competitive programming and I frequently participate in competitions at Codeforces, Codechef, etc.
